

**Call for Papers and Announcement**  
**IEEE 7th International Conference on Computer and Information Technology 2007 (CIT2007)**  
University of Aizu, Aizu-Wakamatsu, Fukushima, Japan  
October 16 to 19, 2007  
<http://www.u-aizu.ac.jp/conference/cit07/>  
Jointly held with

- 6th International Conference on Bioelectromagnetism (ICBEM2007)
- Workshop on Databases in Networked Information Systems (DNIS2007)
- Eighth International Symposium on Spatial Media (ISSM'07-'08)

## Welcome Message from General Chair

You are cordially invited to IEEE CIT2007, the 7th International Conference on Computer and Information Technology, to be held in a beautiful resort of Japan, Oct. 16-19, 2007. CIT has become a major venue for researchers from different fields of computer and information technology. Each year, the CIT attendees appreciate and benefit from the multidisciplinary exchanges in computer and information technology, (Please find CIT publications in the digital library of IEEE computer Society at <http://csdl2.computer.org/persagen/DLPublication.jsp?pubtype=p&acronym=CIT>.) CIT2007 will be held jointly with the official meeting of the International Society for Bioelectromagnetism (<http://www.u-aizu.ac.jp/conference/icbem07/>). This highlights the CIT2007 and gives a unique opportunity, through keynotes and scientific sessions, for computer scientists to exchange information technology in biomedicine. CIT2007 will be held under the most beautiful season in a famous area for its beautiful nature, tradition of Japanese culture and history. We will make every effort to make your stay and participation fruitful and pleasant, and look forward to meeting you in October 2007.

## Scope and Topics

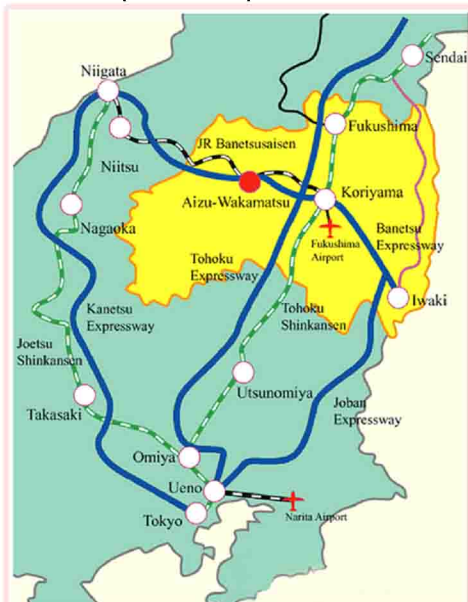

Topics of particular interest include but are not limited to the following tracks:

- o Databases and Data Mining
- o Internet and Web Applications
- o High Performance Computing
- o Networking and Mobile Computing
- o Data Processing and Multimedia Systems
- o Information Security
- o Embedded Systems
- o Software Engineering
- o Ubiquitous and Sensor Network
- o Service Oriented Computing and E-Technologies
- o Information Technology in Biomedicine
- o VLSI and Design Methodology
- o Computer Graphics and Virtual/Mixed Reality

Sincerely,  
Prof. Daming Wei  
General Chair of CIT 2007

## Important dates:

- Submission Due  
~~o April 27, 2007~~ Extended  
**o May 16, 2007**
- Acceptance Notification  
**o June 21, 2007**
- Camera Ready Due  
**o July 20, 2007**
- Author Registration  
**o July 10, 2007**

## Special journal issues

International Journal of Pervasive Computing and Communications  
E-Commerce and Intelligent Services Computing  
Journal of Virtual Reality and Broadcasting

## Access Guide

### International transportations

Flight to Tokyo (Narita airport) then use domestic transportation. For attendees from China and Korea, there are direct flights from Shanghai or Seoul.

### Domestic transportations

Express and local trains from Tokyo: about 2.5 hours  
Bus from Fukushima airport: about 1.5 hours
