

## Registration Policy for FAN2009/IWAC2009

(1) Registration methods:

Pre-registration: Credit card or bank transfer

On-site registration: Credit card or cash (Japanese Yen only)

(2) Deadline for pre-registration: **Aug. 31, 2009**

For presenters, on-site registration is allowable **only** for some exceptional cases (e.g. for people from some special government organizations). For participants, on-site registration is also allowable, but not encouraged.

[The web site URL for pre-registration will be available at the FAN2009 web page soon.](#)

(3) The number of registrations is person based, rather than paper based

- The presenter should pay as the “[Regular or Student] Presenter”. If one person makes two or more presentations, one registration will be enough.
- The participant should pay as the “[Member or Non-member or Student] Participant”.
- In summary, each person (presenter or participant) just pays one registration.

(4) Condition for including a paper in the proceedings:

To include a paper in the proceedings, at least one of the authors must register as the “Presenter”. The main purpose of this policy is to reduce the number of *no-show* papers. Of course, this does NOT mean that a presenter must pay one registration fee for each of his/her papers (see (3)).

(5) By paying the registration fee, a presenter or participant can get the proceedings in CD-ROM, the program and the paper abstracts in hard-copy, and a small gift from the organizing committee; drink coffee/tea for free during the meeting; and join the one-day tour for free (except for the lunch). The banquet ticket (5,000 Yen for regular participants and 3,000 Yen for students) is not included in the registration fee.

(6) Cancel policy

Registration fee cannot be cancelled once paid.
