

Study Abroad Fair (Short-term) 2011

- Apply Now ! -

What can you do at the fair?

- You can listen to presentation about campus life at Rose- Hulman institute of Technology (RHIT) from students who have studied at RHIT!
- You can talk with the students and CSIP staff members about anything you would like to ask about studying abroad such as life in the US, English, and classes at RHIT etc!

What's the attraction for this program?

- This is the program which will enable you to study for three weeks at one of the top engineering universities in the US.
- The host institution will be Rose-Hulman Institution Technology which has been highly ranked for its Undergraduate education in the US by U.S. News & World Report.
- Short-term program would be suitable for students who want to experience classes taught in the US or experience an environment where only English is spoken.
- **The University of Aizu will cover main expenses of this program such as airfare, other transportation fees, health insurance, accommodation fees and any other necessary fees that you may need to study.**
