

C++

STL: algorithm continued

1

Algorithms in the STL

- Seen algorithms: find, find_if, sort, for_each
- STL has more algorithms:
 - min / max
 - min_element / max_element
 - count, count_if
 - binary_search
 - remove, remove_if
 - merge, unique
 - ...
- See documentation at:
<http://www.sgi.com/tech/stl/>
